IRSC 2025

Advancing Railway Safety through Innovations and Collaborations

Hong Kong, China 25th - 30th November 2025

New Energies in German Railways

Klaus Mueller
President of the Bundesnetzagentur

New energies in German Railways

Open Access to energy and railway infrastructure sets the ground for a competitive market. Fair competition between different service offers drives quality and innovation for the benefit of the whole market and the consumers. Bundesnetzagentur strives for fair competition every day.

- Market Regulation in the rail and the energy sector in Germany
- A rough overview over the railway market
- Railway, a driver for decarbonization
